

## Model: AP-2347

### HYPE® QUICK START GUIDE

#### SPORT LITE WIRELESS LED EARPHONES

##### CHARGING THE EARPHONES

Charge the earphones before using it for the first time.

Plug in the cable to the micro USB port on left earphone and charge for at least 2 hours.

Connect the charging cable to charging port.

##### PAIRING YOUR EARPHONES

Your earphones will work best if it is within 33 ft. of your smart device. You may experience sound briefly cutting off if you are out of range or if your wireless connection is weak. Make sure Bluetooth is enabled on your smart phone or tablet before starting the pairing process.

#### SPORT LITE WIRELESS LED EARPHONES

##### PAIRING YOUR EARPHONES (continued)

Make sure the earphones is turned off before attempting to pair it with a smart phone or tablet. Press and hold the "Power" button to turn on the earphones.

Press and hold the button on left earphone until you see the light flash red and blue. From your smart phone or tablet, find a list of nearby devices and choose "HY-LSPT". Enter "0000" if asked. The earphones will "beep" when pairing is complete!

##### LED LIGHT MODES

Your earphones have different LED light settings which include: On/Off, slow flash and fast flash. Hold the ON button for 3 seconds to switch between modes.

##### CONNECTION LOST?

- If pairing the earphones does not work, turn off the earphones and repeat the steps again in "Pairing your earphones."
- Make sure your earphones is within range of your smart device.
- If you hear a long beep, you need to recharge your earphones. Connection may be lost due to low battery.
- When charging your earphones, only use the enclosed USB cable.
